

New KS2 Maths Targeted SATS Revision Foundation Level For Tests In 2024 And Beyond

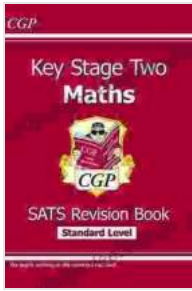

The Key Stage 2 (KS2) Mathematics SATs are statutory tests taken by pupils in England at the end of Year 6. These tests assess pupils' mathematical knowledge, skills, and understanding, covering a wide range of topics from the KS2 curriculum. In 2023, the KS2 Maths SATs underwent significant changes, including the of a new Foundation Level paper. This article provides a comprehensive guide to the New KS2 Maths Targeted SATS Revision Foundation Level, covering its structure, content, and assessment objectives.

The New KS2 Maths Foundation Level SATs consist of two separate papers:

- Duration: 60 minutes
- Questions: 30
- Marks: 30

- Duration: 45 minutes
- Questions: 25
- Marks: 25

Both papers are externally marked by the Standards and Testing Agency (STA).

The New KS2 Maths Foundation Level SATs cover the following main topic areas:

- Number and Place Value
- Addition and Subtraction
- Multiplication and Division
- Fractions
- Geometry
- Measurement
- Statistics

The exact content of each paper may vary slightly from year to year, but the overall structure and assessment objectives remain the same.

The New KS2 Maths Foundation Level SATs assess pupils' ability to:

- Use and apply mathematical knowledge and skills to solve problems

- Reason mathematically and make accurate deductions
- Communicate mathematical ideas and arguments effectively

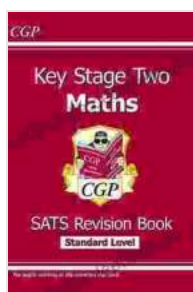

These assessment objectives are further broken down into specific skills and knowledge that pupils are expected to demonstrate in their answers.

To help your students prepare effectively for the New KS2 Maths Foundation Level SATs, consider the following revision tips:

- **Start early and revise regularly:** Don't leave revision until the last minute. Encourage students to start revising early and to revise regularly throughout the year.
- **Focus on the key concepts:** Make sure students have a clear understanding of the key concepts and skills covered in the SATs. Use resources such as textbooks, worksheets, and online platforms to reinforce these concepts.
- **Practice solving past papers:** Past papers are an invaluable resource for revision. Encourage students to complete past papers under timed conditions to build their confidence and identify areas where they need further support.
- **Use interactive resources:** Engage students with interactive resources such as online games, simulations, and videos. These resources can make revision more enjoyable and help students to retain information more effectively.
- **Seek support from teachers and parents:** Don't be afraid to seek support from teachers and parents. Teachers can provide guidance on

specific areas where students need improvement, and parents can help with homework and provide encouragement.

The New KS2 Maths Targeted SATS Revision Foundation Level is an essential resource for teachers and pupils preparing for the KS2 Maths SATs. By understanding the structure, content, and assessment objectives of the SATs, you can ensure that your students are well-prepared to achieve their full potential. Remember to start early, focus on the key concepts, practice with past papers, use interactive resources, and seek support when needed. With effective revision, your students can approach the SATs with confidence and succeed.
