Plastic surgery is a surgical specialty that involves the restoration, reconstruction, or alteration of the human body. It can be used to treat a wide variety of conditions, including burns, trauma, birth defects, and cancer. Plastic surgery can also be used to enhance the appearance of the body, such as through cosmetic surgery.

The hand and upper limb are complex structures that require specialized surgical care. Plastic surgeons who specialize in hand and upper limb surgery have the skills and experience to treat a wide variety of conditions affecting these areas of the body.

### Conditions Treated by Plastic Surgery of the Hand and Upper Limb

Plastic surgeons who specialize in hand and upper limb surgery can treat a wide variety of conditions, including:

### **Benefits of Plastic Surgery of the Hand and Upper Limb**

Plastic surgery of the hand and upper limb can provide a number of benefits, including:

- Improved function

- Reduced pain
- Improved appearance
- Increased confidence

## **Risks of Plastic Surgery of the Hand and Upper Limb**

As with any surgery, there are some risks associated with plastic surgery of the hand and upper limb. These risks include:

- Bleeding
- Infection
- Nerve damage
- Scarring
- Unsatisfactory results

## **Choosing a Plastic Surgeon for Hand and Upper Limb Surgery**

When choosing a plastic surgeon for hand and upper limb surgery, it is important to consider the following factors:

- The surgeon's experience and qualifications
- The surgeon's reputation
- The surgeon's fees
- The surgeon's location

Plastic surgery of the hand and upper limb can be a life-changing procedure. It can improve function, reduce pain, and improve appearance.

However, it is important to choose a qualified and experienced surgeon to minimize the risks of surgery and achieve the best possible results.

If you are considering plastic surgery of the hand and upper limb, I encourage you to schedule a consultation with a board-certified plastic surgeon. They can discuss your goals and help you determine if surgery is right for you.
